

Movie Rental - Terms and Conditions

Guest-Tek Interactive Entertainment Ltd. provides video-on-demand services to hotel guests through several products that comply with content protection and distribution requirements outlined by our studio partners.

1. Renting a movie grants the renter a revocable license to watch the movie once until checkout time, or within 24 hours from pressing the "Confirm" button on the rental confirmation page.
2. During the rental period, the renter may pause or bookmark the movie and resume playback from the point of interruption.
3. GuestTek reserves the right to revoke the license to watch the movie if we lose access to the digital goods from our supplier. In such cases, the renter will receive a refund of the rental price. Additional compensation beyond the rental price of the movie will not be provided.
4. The hotel guest or renter of the movie may not copy, distribute, or use the rented movie for personal use or commercial gain.
