

Affordable & Reliable Cloud-Streaming VOD

GuestFlix is the affordable solution to generate revenue from your video-on-demand service. With no up-front capital costs for servers, set-top boxes or licensing fees, you can give your guests the five-star viewing experience they want - at price that works for you.

Benefits

- Secure cloud-based platform and content
- No on-premise VOD server and no up-front capital expenditure required
- Modern and simplified user interface
- Provide guests first-run Hollywood films + a full library of classics and kids' content
- Enables current GuestTek MVP-enabled properties to offer video on demand
- New product business model ensures greater ROI for your property

**All of GuestTek's products are backed
by our industry-leading 24/7 global customer support.**
